

HOW TO PREVENT AI FROM STEALING YOUR JOB!

Become a career shapeshifter & reincarnate your career

Up to 800 million employees will lose their jobs in less than 6 years due to AI

Mustafa Ammar

Founder & CEO of The Passion MBA

Mustafa is the poster child for career shapeshifters. A pharmacist turned an international diplomat, who turned an investment banker, who turned an entrepreneur, coach, author and a philanthropist.

STORY IDEAS

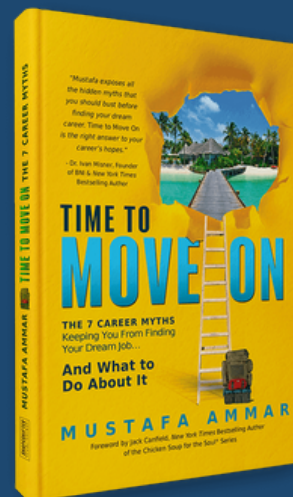

- ▶ Why you should be a generalist not a specialist in the current job market.
- ▶ Our next president should be a shapeshifter not a politician. Why an outsider will be more effective in addressing our complicated challenges than a career politician.
- ▶ Speaking of Politics – Strategizes for managing politics and agendas within your workplace.
- ▶ Can you turn the AI threat from a challenge to an opportunity? Redefine AI from Artificial Intelligence to Avocation Intellect.
- ▶ 5 strategies to improve your career intelligence.
- ▶ Everyone has their zone of genius. What's yours?
- ▶ The biggest blunders to avoid while planning your career transition.
- ▶ The Late Bloomer Phenomenon: why it is never too late to find your dream career.
- ▶ Not all entrepreneurs are created equal! How to know when you should not create a business from scratch.

Mustafa has an experience of 18+ of media exposure as a former diplomat and investment banker with tv presence in national tv stations in several countries in Asia, Africa and The Middle East

Mustafa is what I call a powerful myth buster. In the era of “The Great Resignation”, when millions of people in America & around the world are willingly resigning from their jobs, it has become crucial to highlight Mustafa’s work in helping professionals rediscover themselves, find their lost passions, & bust the most common, yet most hidden career myths.
